

## Club 45

The idea behind Club 45 is to provide Emmanuel's 4th and 5th graders with experiences to help bridge the gap between the children's programs and the youth group. They meet once a month, and it is primarily social in nature. Parents take turns planning and coordinating the monthly gatherings.

Young Emmanuelites can be spotted about town bowling, rock climbing and enjoying other age appropriate activities. The children are trained with the Youth to help at VBS, and they are invited to the End of the Year EYC party.

They participate in service projects such as the local 'Walk to Cure Diabetes'. They spearhead the parish-wide toy drive during Advent to benefit the families of Emmaus House in Atlanta. The kids of Club 45 enjoy these activities as they keep God in their hearts and friendships close at hand.

Your children are welcome to be part of the group. Of course, parents are welcome participate. If you are interested we would like to hear from you. Please contact the leader listed in the contacts list.
