

## The Tower

The Tower is a parish newsletter written by and for the Emmanuel community. It is published monthly and mailed to parishioners and other interested people. The purpose of the Tower is to inform Emmanuel's members of who we are and what we do as a faith community. Members are encouraged to submit material they feel will both enlighten and inform others about Emmanuel's ministries. Submissions can go directly to the Tower Editor. The deadline is close to the 15th of each month and is firm.

Issues of the Tower published in the past few years are available on this website in the Archives section.
